

GR Acoustics Pvt. Ltd

# PIONEER IN THE FIELD OF AUDIO INSTALLATIONS & LIVE AUDIO ENGINEERING

R & D | Manufacturing | Installation | Live Shows | Consultation

GR Acoustics Pvt. Ltd  
ESTD IN MAY 1996

## Mr. Gopinath. T. J (Founder)

A Diploma holder in Cinema with specialisation in Sound Recording and Sound Engineering from Film and Television Institute of India, Pune.

"Dadasaheb Phalke Memorial award" for being the topper in Audiography in the FTII 1995 batch.

Experienced Sound Engineer for over 25 years and have worked with leading musicians and music producers in India.

An acclaimed expert in developing customised products for different user needs like that of the Indian Navy or for a challenging and highly reverberating Hall.

A musician by heart and an Engineer by approach.

VISION

To create enriching audio experience for listeners through research, innovation and knowledge.

Innovate, Innovate and Innovate

VALUE

Our efforts go into the root of this objective.

Hence we work at all levels to create

the best Audio experience.

# R & D (Research & Development)

OUR MOTTO - A CLIENT NEEDS SOLUTION AND NOT PRODUCTS

We at Team GR, do not believe in getting limited by the products that are market ready. We have stretched ourselves to developing the best solution for certain user needs through our strong R & D. This has given birth to some of the most efficient PA systems and SRE systems for our clients.

## Few mentionable projects :

### INS Garuda SRE system

Custom designed communication system as per specification given by the Indian Navy for INS Garuda, Indian naval air station located in Kochi, connecting 18 independent units with 1 to 1 communication and global broadcast from the ATP.

### INS Vikramaditya ambient noise recording system

Again a custom designed for the Indian Navy's prestigious aircraft carrier, which entered into service with the Indian Navy in 2013, as per the specification given by the Indian Navy

### INS Dronacharya playback/SRE systems

Customised open-air playback and SRE systems of INS Dronacharya, the gunnery school of the Indian Navy in Fort Kochi.

TO WHOMSOEVER IT MAY CONCERN

It is certified that M/S GR Acoustics Pvt Ltd, 32/2506, P.J Antony Road, Palarivattom, Kochi-682025 have executed installation of Outdoor SRE System at INS Dronacharya, Fort Kochi, Kochi. The work was completed satisfactorily and the workmanship, quality of products and prompt rendering of service assistance by the firm is highly appreciated.

Commander  
Dy. Electrical Officer

Place: Kochi  
Date: 08 Aug 18

### Balarama caves of Wonderla

A great step in entertainment and Audio experience with seven different independent spaces with surround sound driven by multi track playback and completely customised decoding system.

### Customized Church Audio

Churches with high reverberation levels have enriching audio experience now due to our solution oriented approach and efforts.

# Manufacturing

IF THERE ARE NO QUALITY PRODUCTS IN THE MARKET, WE WILL MAKE ONE

We have not stopped with just R & D at project level. Our endeavour to give quality solution to our end-users has led us to develop some of the well-appreciated products with efficient and enriching audio experience. Our primary goal has been and will be to manufacture PA systems with world class quality in Indian price.

Some of the products that have helped us to cater to the ever changing needs of our clients are :

## Fat Pumpkin

OUR HIGH END PA SPEAKER SYSTEMS WITH A PATENTED DESIGN

What makes FAT PUMPKIN different from the ones existing in the market is the clear and rich sound it produces and the convenience it offers while rigging up. May it be installations or Live shows, Fat Pumpkin has never let down the user. And what more, this is available at an Indian pricing.

**Totempole International Teen Rock Festival**, an annual event by the legendary Flying Carpet Productions, used Fat Pumpkin in 2017, in Mumbai, India.

**Snow Storm, the -10 degree C snow theme park in Kerala**, has been using Fat Pumpkin for more than one year. And Fat Pumpkin has withstood the extremes and still works untiringly.

## Power Amplifiers

OUR CLASS D AMPLIFIERS ARE HERE TO GIVE YOU THE PERFECT VALUE FOR MONEY

The major advantage of these class-D amplifier is that it can be more efficient than a linear amplifier, with less power dissipated as heat in the active devices and also Class-D amplifiers are much lighter weight than analog amplifiers, an important consideration with portable sound reinforcement system equipment and bass amplifiers.

With protection against overload and short circuit, our power amplifiers are a great asset to your PA systems. All our installations have the perfect company of our Power amplifiers.

# Installation

OUR MOTTO – SOUND REINFORCEMENT IN A HALL NEEDS A SCIENTIFIC APPROACH

When most of our clients come to us with the problem of echo or other distractions in their hall or worship place, we understand the usage of the place first. Our technical expertise and a vast experience of over 25 years in the field of Sound system installation teach us the rest. Our approach to any installation work is to provide the best possible solution for the hall. This attitude gives us the edge over the other players in the industry.

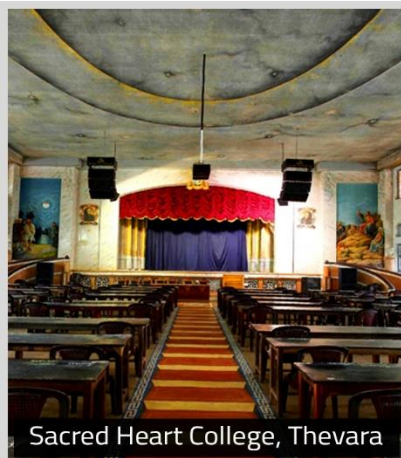

## Church

We have installed and calibrated Audio system to perfection in more than a dozen churches. Certain churches came to us with great reverberation problems and they had already been tired of changing the sound systems every now and then. And we were able to give them the solution they very badly needed or wanted.

## Not only Church, our client list includes:

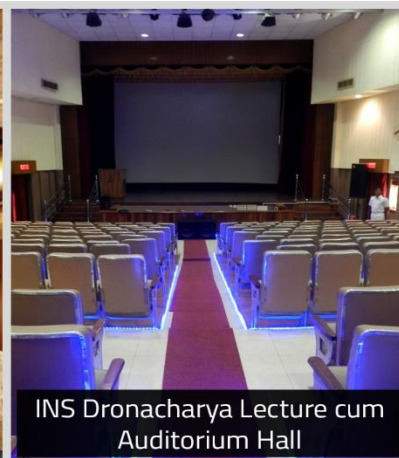

- leading educational institutions
- Mosque
- Leading Hotel Banquet halls.
- Performing Arts Auditorium.
- Customised setups for your specific purpose.

Sacred Heart College, Thevara

Airport Hotel Flora

INS Dronacharya Lecture cum Auditorium Hall

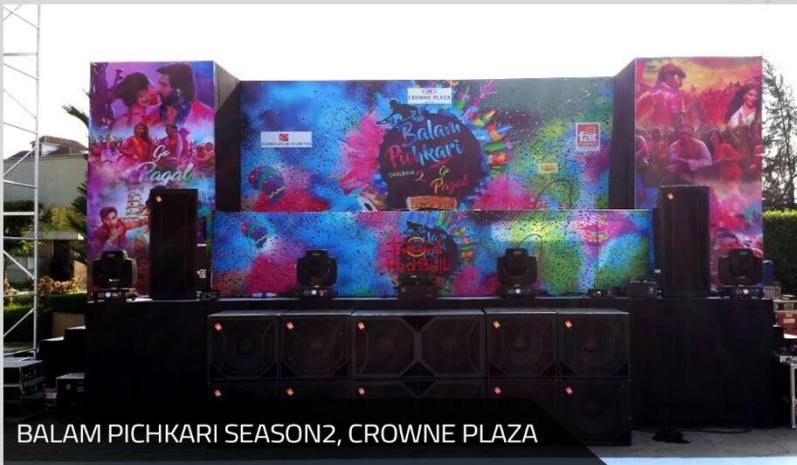

Rajagiri HSS

# Live Shows

OUR MOTTO - CREATE THE BEST EXPERIENCE FOR THE AUDIENCE

From the likes of **MotherJane**, **Thykoodam Bridge** to music producers like **Deepak Dev** has trusted Mr. Gopinath and his team for their Live shows. He himself being a musician and a great entertainer, Gopi understands the pulse of the moment. To being the most trusted vendor of many leading Hotels, Event Managers and Bands, he has set up a great team who carry his legacy along into every show. Good quality equipment and well trained professionals keeps Team GR ready to handle Lights and Sound for your shows.
